UPDATE 2026

Urbanite was born with a clear vision: to accompany those who lead a dynamic life at every moment, with practical accessories featuring a highly contemporary design. Urban stands out for its clean, minimalist design, where colors and materials are the true protagonists. The colors range from bold tones that convey energy and creativity to more subdued and slightly iridescent shades for those who prefer to blend into the urban jungle. With varying levels of capacity, technical, waterproof materials, and a contemporary look, these bags and backpacks are excellent solutions for carrying everything needed for travel, city commuting, sports, or simply enjoying leisure time. Each accessory is designed to provide maximum comfort and resistance against impacts and weather elements, enabling users to fully embrace an active life outdoors.

Recently, the brand “Urban” has been renamed to “Urbanite.”  
The products in the photo will be sent with the new logo.
